

## Horse Trials / One Day Events Booking Form

Horse Trials or One Day Events consist of Dressage, Showjumping and Cross-Country. You must have your C test to take part. The Horse Trial Championships will be held this year on 10<sup>th</sup> and 11<sup>th</sup> Aug at a venue to be announced. To qualify for the championships you must have a minimum of 1 clear XC round and 1 with a maximum of 20 penalties. There are no exceptions made to this rule no matter how many events are cancelled so if you want to qualify it is a good idea to get to a few early events in case the Summer turns out to be another disaster. There are fewer qualifiers this year and also some date clashes. Entries have to be made and paid for at least 10 days (sometimes up to 2 weeks) in advance through the club - no individual entries are accepted. There was a very big administrative load last year contacting everyone prior to each event and taking entries so this year we are asking all members interested in taking part to complete the form below and return it together with the appropriate fee before June 5<sup>th</sup>. Cancellations received before the entries go to the individual clubs will be refunded however once the entry has gone in most of the clubs will not give a refund therefore if you have to cancel please do so at least 10 days before the event.
