

Wicklow Hunt Pony Club

Show Jumping Team Selection League Scoring System and Eligibility 2018

League Format – 4 dates, 11th March; April 22nd; May 6th and May 16th, best 3 scores count. Teams for area qualifier on 11th July 2018 will be chosen based on results of the leagues.

Points for placings at each league date scored as follows – 1st to 6th place: 6, 5, 4, 3, 2 and 1 points.

In addition, there will be bonus points awarded for clear first rounds (10 bonus points) or double clears (15 bonus points).

Therefore, the maximum points available on any league date to a combination is 21 (*15 bonus points for double clear plus 6 points for 1st place*).

Placings on league dates will be determined according to aggregate penalties in both phases, and if equal according to penalties in the first round, and if still equal according to time in second round.

Multiple Ponies - a rider may enter and score points on 2 or more ponies at league dates but can only take up one team selection place on their highest scoring pony based on the final league table.

Sharing Ponies – ponies may not be shared in the team selection leagues.

Only One League – riders may enter one league only. NOTE – however, as the first league date doubles up with the final of the Spring league where riders may enter more than one class, team selection league points may be won for more than one class on this date only. If a rider has points in more than one league after the first date, then the class they enter on their next league date will be deemed to be the league that rider is contesting for team selection purposes. Once a rider is deemed to be contesting a league they cannot revert to another league in which they may have won points at the first date/ Spring league final.

No HC – riders may not warm up or go HC in classes other than in the league they have entered.

Senior Teams/ Individuals – contact Rhona.

Eligibility - as per IPC SJ rulebook 2018. Please consult the rules in full but in summary
